2. Timing Belts

The timing belt on **your vehicle** must be changed in accordance with the manufacturer's recommendations within a tolerance of 30 days or 1,000 miles whichever occurs first, of the stipulated change interval. It is **your** responsibility to establish **your vehicle** manufacturers timing belt change schedule and to comply with it by both time and mileage whichever is sooner.

You should obtain acceptable proof that this work has been carried out as **you** will need to produce this in the event of a claim. Acceptable proof will be a copy invoice for the change of the timing belt showing the date the timing belt was changed and the odometer reading of **your vehicle**.

3. Vehicle Checks

Between services **you** must ensure that the regular **vehicle** checks are carried out, as recommended by the manufacturer and stated in the servicing handbook, for example: fluid level checks.

4. Changes In Your Circumstances

You must notify **us** immediately of any change which may affect this warranty and in particular any of the following: change of address, change of registration number, change of use and change of ownership of the **vehicle**.

We will then advise **you** of any change in terms.

5. Vehicle Registration
